

# Amy Moretti

---

## SKILLS

HTML, CSS, CSS Frameworks (Bootstrap, Bulma, Materialize)  
Javascript, jQuery, Ajax, Node.JS, Express  
Version Control, Git, Heroku Deployment  
Adobe Illustrator, Photoshop

## EDUCATION

### Full-Stack Web Development Bootcamp

July 2018 - October 2018, Northwestern University  
Completed 14-week full-time bootcamp program.

**Appdoption** - a front-end Instagram clone for searching adoptable pets. Worked as both project manager and UX design in a group of five individuals to complete this project using Materialize, Ajax, and jQuery.

**Campaign Query** - a full stack site focused on displaying campaign finance data from the 2016 election cycle. Worked as both project manager and UX design in a group of four individuals using CSS, Javascript, Express, MySQL, and Sequelize

**Virtual Hostel** - a full stack React app meant for submitting trip reviews. Worked as project manager in addition to UX design and establishing user profiles and authorization utilizing Passport.js.

## PERSONAL PROJECTS

### Appdoption Version 2

Utilizing feedback given of the original Appdoption, I have brought this project into version 2. UI was updated to more accurately reflect the UI of Instagram, search results are better retrieved, and the page shows random results by default on page load.

## EXPERIENCE

### Metropolis Coffee Co, Chicago IL

October 2016 - July 2018, Shift Leader

### ExpressJet Airlines Inc, Chicago IL

March 2010 - February 2015, Flight Attendant
